Build the Temple (The Church)

On the 25th of February , while attending a church service, the Lord spoke to me saying: "Once again, the Israeli forces would enter Lebanon." I asked Him why and He said; They will protect my remnant and once again the people of Lebanon, would help build the temple. I said Lord , if this is true, take me to a scripture, that would confirm your word. He took me to **2Chronicles 2:3**. Here I began to read about Solomon and how God inspired him to build the temple. I realized how important it is that we, God's people, build the Temple, the church. When Solomon became King of Israel, he did not ask for riches or power, but he simply asked for wisdom. The bible says in Proverbs, "The beginning of wisdom is soul winning". Today America and the world is being challenged by Satan with building up of false religions and complacent fear filled people. God has given us a choice to build His temple or allow Satan to continue to build his! Solomon's function was to build the spiritual needs of God's people. There are too many churches today whose whole function is to build the people emotionally and to meet the social needs of the people, yet their spiritual growth is totally neglected.

God has called Samra Ministry to build churches where we move forward in developing His people spiritually!. The big question we need to ask ourselves today is, "what is the eternal purposes of God?" What is my function in the body of Christ, our city, state and our country?" How do we expand God's plan and purposes for our lives? The onus of any church must not fall on the shoulders of the pastor, but every person a calling and a purpose. Jeremiah 29:11 says "I know the plans I have for you says the Lord, plans to prosper you not hurt you. To give you a destiny a hope and a future. The church in 2008 should be vibrant, motivated, activated, and ready to move forward with the word of God and our purpose should be to become evangelistic potent. In other words we need to move forward and see as many people saved, delivered and set free! We must help those brothers and sisters less fortunate than us. The calling and purpose of Samra Ministries is to build churches, where the body will be built strong spiritually, mentally and physically. Taking authority in their homes and communities , showing God's power and love.

Build the Temple (The Church)

It is all well and done to know that we are called, but what are we to do? Here are some guidelines:

- The first thing we need to do is to be prepared to go, teach the gospel
- We need to know and recognize our calling. David knew his calling and Solomon knew his
- We need to pray and study God's word
- We need to be prepare our lives for the spreading of the gospel to those unsaved souls
- We need to be financially ready to take up the call and be a blessing with our money were needed
- We need to use exciting new ways to reach the lost

- We need to have a civic responsibility, to be part of our local, state and national governments
- We need to use the media to preach the gospel to the lost, i.e. Newspapers, radio or TV.
- We need to take back what the devil stole, especially in our lives and the lives of family.
- We need to walk in forgiveness.

I now that we will see the largest amount of souls saved when we obey God and His word! These are exciting times, don't let them slip away, for many this may be our last change to fulfill our destiny...**BUILD THE TEMPLE**
